

## Lemon-Scented Tea Tree “Lemony Repellant”

*Leptospermum petersonii*

### **Body/Emotional/Other Benefits**

Lemon-scented Tea Tree essential oil is:

- Antimicrobial – resists or destroys microbes such as bacteria and fungi
- Antiseptic – helps control infection
- Carminative – settles the digestive system
- Sedative – reduces functional activity, calms

Lemon-scented tea tree is a very powerful insect repellent, including against ants and mosquitoes. It is also excellent for use in the cold and flu season. The refreshing scent is also beneficial for relieving anxiety, stress, and depression.

### **Suggested Use**

Use at a very dilute concentration of only 1 drop in 1 oz carrier oil or lotion for application to the skin or in the bath. For steam inhalation use 1 drop in 2 cups of hot water.

Use a drop or two of lemon-scented tea tree in a Kasia H2EO® AirCare Ultrasonic Diffuser to repel insects and purify the air during the winter months.

Add a drop to your usual dog shampoo to help prevent fleas.

### **Chemical Constituents**

Citral, citronellal

### **Precautions**

Can irritate the skin, always use very well-diluted.

Our distiller growers provide GCMC traces to us to ensure authenticity and therapeutic quality.  
Kasia products are not intended to diagnose, cure or prevent any disease.
